FIRE SAFETY : Protect Your Joy This Festive Season

Did You Know?

- In 2024, Malaysia experienced over 9,000 fire incidents, with 56% of them occurring in homes.
- Electrical faults and short circuits are among the leading causes of fires.
- Fire-related claims ranked second in the General Insurance Industry. Amounting to RM715 million.

Here’s how you can safeguard your home and loved ones:-

- Inspect your home for potential fire hazards, such as faulty wiring or overloaded circuits.
- Unplug unused appliances, especially when you are leaving home for extended periods.
- Use certified electrical products and schedule regular inspections by professionals.
- Handle fireworks responsibly and keep fire extinguishers nearby.
- Ensure your pets are safe from loud noises created by fireworks.
